EDUCATION

University of Information Technology
2018-2023

Major:Conputer Engineering
GPA: 7.0
TOEIC: 700

NGUYỄN VĂN THIỆN TÂM
Fesher

CAREER GOALS

I am extremely passionate about the field of information technology, particularly IoT and embedded systems. I am eager to gain more experience in order to satisfy my passion for technology.

PERSONAL SKILLS

C/C++

Python

English

NodeJS

PROJECT PARTICIPATION

Monitor and touch sensor with at32

at32 with 2.8' LCD with touch sensor make picture and strings display
link:https://github.com/thientam123698745/at32

Mesh network with edge computing using esp32

Mesh network collect temperature, having edge

computing and give all data to the website

link: https://github.com/thientam123698745/Mesh-with-AI

CAN communication with stm32

Transmit data using CAN. Synthesize, processing,

encode and decode data.
